RUNWAY 2010... MASQUERADE!

Guests who attended the "Runway 2010... Masquerade" event along with The Haute Couture School of Fashion, Arts & Design's Joanne Dice were proud to witness a year's worth of hard work and dedication on display. On July 14th, students prepared a remarkable and creative fashion and art show production at the Le Jardin Special Event Centre. From funky and artistic art pieces and paintings, to modern and imaginative fashion styles and ensembles the students were able to showcase their determination and hard work that they put into the show and over their school year. Joanne Dice felt blessed to share this moment with her talented students and was glad to play a huge role in the student's accomplishments. She and the students are eager for the next annual runway event and hope to enhance their show with more intriguing talents. For more information about the school, such as courses and history, visit www.hcfashionarts.ca
